

Lovibond® Water Testing Tintometer® Group

DI 20 Incubator

Compliant with WHO guidelines

Our new DI 20 incubator has been designed to allow the user to reach global drinking water standards for testing, even in difficult environments.

The DI 20 incubator is a high quality, portable, lightweight incubator for microbiological testing of water using plates. It is the only incubator of its type to come with heating and cooling as standard ensuring the samples are incubated at the correct temperature no matter what ambient conditions.

Its innovative design also includes a small petri dish holder utilising our re-usable stainless steel micro plates, the dishes allow each incubator to perform up to 20 tests.

Its sleek design and intuitive pictographic buttons ensure that it can be used with little or no training and its LED lights allow users to see at a glance how far through a cycle the incubation is, and that the temperature is stable.

- Compliant with WHO guidelines " Guidelines for drinking water quality 4th edition."
- Compact design & lightweight
- Heating & Cooling fitted as standard
- Intuitive, unique pictographic buttons

Part Number: 56B000714

Industry

NGO

Technical Data

Interfaces	USB
Power Supply	12 V
Temperature Range	20 °C - 47 °C
Temperature Tolerance	± 0.5 °C
Environmental Conditions	5 °C - 50 °C
Compliance	CE
Dimensions	116 x 165 x 116 mm

Delivery Scope

- DI 20
- Power leads
- 50 Petri dishes
- Power Supply

Accessories

Title	Part Number
Power cable set	136300
USB Cable 2.0 A - Micro B plug	190630
Petri dish holder	197139
Power supply, 12 V / 48 W	19803550
Battery cable	19803555
Petri dishes, 10 pc.	400855
